

Inspection Summary Statements

The Accreditation Scheme assesses the standards of management, resources and premises, teaching, welfare, and safeguarding under 18s and accredits organisations which meet the overall standard in each area inspected. See <https://www.britishcouncil.org/education/accreditation/centres> for details and for access to the full inspection reports.

Centres inspected between 2021 and 2023 had the option to undertake a compliance-only inspection. During a compliance-only inspection the inspectors focused only on whether inspection criteria were met or not met. Inspectors did not evaluate the extent to which requirements were exceeded and no strengths were awarded. No new summary statement was issued, so the summary statement from the previous inspection is listed below with any new areas identified in the compliance-only inspection as a need for improvement.
