

## **Request for Proposal (RFP)**

**For:** Cross Arts Gender Analysis (Global Programme 2025)

**Date:** 19 December 2024

### **1 Overview of the British Council**

We support peace and prosperity by building connections, understanding and trust between people in the UK and countries worldwide.

We uniquely combine the UK's deep expertise in arts and culture, education and the English language, our global presence and relationships in over 100 countries, our unparalleled access to young people and influencers and our creative sparkle.

We work directly with individuals to help them gain the skills, confidence and connections to transform their lives and shape a better world in partnership with the UK. We support them to build networks and explore creative ideas, to learn English, to get a high-quality education and to gain internationally recognised qualifications.

We work with governments and our partners in the education, English language and cultural sectors, in the UK and globally. Working together we make a bigger difference, creating benefit for millions of people all over the world.

We work with people in over 200 countries and territories and are on the ground in more than 100 countries. In 2023–24 we reached 650 million people.

### **2 Introduction and Background to the Project / Programme**

2.1 Supporting Gender Equality is a priority for our work in Arts and across the British Council. The purpose of commissioning this Gender Analysis is to build on our existing evidence base, generating further insight into the gendered barriers and gendered dynamics that can inform how we design our Arts programmes and related research.

Across ten countries, we seek clearer evidence of what is working; of what the gendered barriers are in the context of the creative industries, and whether the situation is changing. These countries all have significant British Council arts programmes, including some with major multi-year programmes specifically on gender themes. This research could include analysis of laws, policies, regulations, institutional practices; cultural norms and beliefs, including where appropriate gender diversity; gender roles, responsibilities and working

patterns; access to and control over assets and resources; and patterns of power and decision-making – in the context of British Council's arts programming.

The research should be shareable externally, but its primary purpose will be to inform our programmes and ways of working in those specific contexts, with some learnings from the analysis that can be applied across wider geographic and art form contexts.

The estimated budget for the project is between £82,000 - 92,000 including VAT and all associated costs.

### **Gender Equality in the Arts, Culture and Heritage sectors**

Globally, cultural and creative industries rank among the four sectors of the economy with the [highest employment](#) of women. According to UNESCO data, “the cultural and creative sector is one of the most powerful engines of development worldwide. It accounts for more than 48 million jobs globally – almost half of which are held by women – representing 6.2% of all existing employment and 3.1% of global GDP. It is also the sector that employs and provides opportunities for the largest number of young people under the age of 30.” Women occupy the majority of these roles. This highlights the importance of addressing gender inequality through our work.

The numerous barriers faced by women and gender diverse artists and creative professionals, as noted in the [Mondiacult 2022 Ministers' Declaration](#), include:

- Gender gaps such as unequal access to decent work, gender pay gaps and under-representation in leadership and decision-making roles.
- Parenting and care responsibilities hampering women's career progression and success, often resulting in their taking up flexible, freelance, part-time and/or contractual work that can be precarious and insecure, and facing more barriers to taking advantage of career-advancing opportunities such as commissions, mobility funds, creative residencies and leadership roles.
- The gender digital divide, where factors like low digital literacy, affordability, digital infrastructure and negative socio-cultural norms mean women face obstacles to access digital tools for artistic creation and distribution. Women and gender diverse artists are also increasingly exposed to online harassment, abuse, bullying and lack of safety (see [2020](#) and [2021](#) UNESCO reports).

This project is intended to supply a clearer picture of these and other barriers faced by women and gender diverse people in the arts and culture sectors of the ten priority countries, in order to inform future programming.

2.2 The purpose and scope of this RFP and supporting documents is to explain in further detail the requirements of the British Council and the process for submitting a proposal in response to this RFP (“**Proposal**”).

- Your Proposal to the RFP requirements and pricing will be incorporated into the Contract, as appropriate.

## 12 Clarification Requests

12.1 All clarification requests should be submitted to *the British Council's e-Tendering portal hosted at <https://in-tendhost.co.uk/britishcouncil/>* by the Clarification Deadline, as set out in the Timescales section of this RFP. The British Council is under no obligation to respond to clarification requests and will respond if the question is appropriate and received before the Clarification Deadline.

12.2 Any clarification requests should clearly reference the appropriate paragraph in the RFP documentation and, to the extent possible, should be aggregated rather than sent individually.

12.3 The British Council reserves the right to issue any clarification request made by you, and the response, to all potential suppliers unless you expressly require it to be kept confidential at the time the request is made. If the British Council considers the contents of the request not to be confidential, it will inform you and you will have the opportunity to withdraw the clarification query prior to the British Council responding to all potential suppliers.

12.4 The British Council may at any time request further information from potential suppliers to verify or clarify any aspects of their Proposal or other information they may have provided. Should you not provide supplementary information or clarifications to the British Council by any deadline notified to you, your Proposal may be rejected in full, and you may be disqualified from this Procurement Process.

## 13 Evaluation Criteria

13.1 You will have your Proposal evaluated as set out below:

**Stage 1:** Proposals will be checked to ensure that they have been completed correctly and all necessary information has been provided. Responses correctly completed with all relevant information being provided and all mandatory requirements as outlined in Section 8 met will proceed to Stage 2. Any Proposal not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a Proposal is rejected at this point it will automatically be disqualified and will not be further evaluated.

**Stage 2:** If a bidder succeeds in passing Stage 1 of the evaluation, then its Proposal will be evaluated in accordance with the evaluation methodology set out below.

13.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantageous proposal using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Social Value	10%
Quality of Proposal, including Ability of Supplier to research and gather information in the ten countries.	20%
Methodology and Approach	30%
Commercial (Measured against: Feasibility of scope of work against Project Budget; Value for Money in comparison with other proposals.)	40%

13.3 Scoring Model – Proposals will be subject to an initial review at the start of Stage 2 of the evaluation process. Any Proposals not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Proposals not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	<b>Excellent</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	<b>Good</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
5	<b>Adequate</b> – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder’s failure to provide all of the evidence requested.
3	<b>Poor</b> – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	<b>Unacceptable</b> – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

13.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex 3 (Pricing Approach) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation, further information on this approach may be available in Annex 3. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full Proposal at this point. The British Council may also reject any Proposal where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant

processes set out under the procurement rules. A maximum offer score of 10 will be awarded to the Proposal offering the lowest “Overall Price”. Other Proposals will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

13.5 Moderation and application of weightings – The evaluation panel appointed for this Procurement Process will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall Proposal score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

13.6 The Winning Proposal(s) - The winning Proposal shall be the Proposal scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information) obtained by the Authority relating to any self-certification or other requirements referred to at any time in this Procurement Process.
